

GALVAN INDUSTRIES, INC.

October 28, 2013

TO: Whom It May Concern

SUBJECT: Product Certification – REACH and Conflict Minerals

REACH is the European Community regulation of chemicals and their safe use that deals with the **Registration, Evaluation, Authorization and Restriction of Chemical** substances. Galvan Industries complies with exclusion of Substances of Very High Concern (SVHC) as dictated by the European REACH regulation, currently representing 73-substances. Galvan has performed necessary due-diligence evaluation and conclude that our products fall within parameters set forth by this regulation.

With reference to 'CONFLICT MINERALS' as defined by the European Commission (EC), Galvan Industries has completed necessary due diligence and has determined that products currently offered by Galvan do not contain minerals regulated by the Dodd-Frank Act as defined in the current definition of 'conflict' components. Specifically, minerals currently defined as conflict include Columbite-tantalite (or coltan), Cassiterite, Wolframite (tungsten element), and gold.

This document certifies that the materials declaration as provided by Galvan is accurate as of this date.

Galvan may be reached at 704-455-5102 should you have any questions or require further information. This certificate is valid for 180 days from the date of this letter.

Sincerely,

Roger J Montambo-PE, VP
Electrical Products Division
